

HMCCQ Membership Secretary Report for the AGM March 2018

This is my third year membership secretary and it's been most enjoyable. I would like to thank all the Area Secretaries, Area Financial Officers and those members who remind and support membership renewals and assist with new applications.

129 new members joined during the last 12 months, slightly higher than last year. November was the busiest month for new members, 18 joined, most of them were family members of current members so it's good to see that partners feel included or the next generation are becoming interested in historic motorcycles.

Some statistics for our membership current to March 2018

- Financial members: 1110
- Life members: 24
- Honorary members: 1
- Associate clubs: 13

There are still around 120 members who were financial in 2017 but have not renewed their subscriptions yet. Hopefully they will decide to continue as members of our club.

Judith Holzgal
