

SMITHS

Magnetic & Chronometric Instruments

Calibration Service

Are your numbers missing or fading? We can

Reproduce or Replace missing faded numbers on the Odometer or Trip Meter wheels of either Magnetics or Chronometrics.

Is the Face Dial or Numbers hard to see or read?

We have new faces for most instruments or we can reproduce new Faces to suit your instruments.

We can re-colour faded needles, Re-seal & lubricate instruments that are fogging due to water ingress.

Dismantle and re-paint instrument case inside & out.

And of course check for correct readings.

Phone after 9.30am 0417 609 918
